

RES-Q RESCUE KIT

PART CODE: **RESQKIT**

PRODUCT INFORMATION >

The LINQ RES-Q Kit provides a comprehensive rescue solution to assisting workers in the event of a fall. In such an event, the effects of “orthostatic intolerance” commonly known as suspension trauma or hang syndrome can be serious. The recovery of a fallen conscious or unconscious worker can be carried out by raising or lowering the casualty in a safe, timely manner. In turn, reducing the effort on the rescuer with it's 4:1 mechanical advantage.

PRODUCT FEATURES >

- 4:1 pulley system provides reduced effort on the rescuer. Every 100kg of mass only requires 25kg of effort.
- RES-Q Kit comes pre-assembled. No hassle with assembly of pulley and rope.
- Static kernmantle rope comes with I.D trace as per AS/NZS 4142 requirement for traceability. Min break load of 35kN providing enhanced strength.
- Raise and lower casualty makes the RES-Q Kit versatile.
- Back up braking mechanism comes standard. This can be engaged by the rescuer or setup to brake automatically.
- Comes with two (2) tie offs to allow for mounting of the RES-Q Kit and to also utilise the braking mechanism as standalone device without being attached to the rescuer.
- Heavy duty bag c/w shoulder straps and the convenience of a storage area for the rescue pole.
- Custom rope lengths available – refer to table below. Standard RES-Q kit supplied with 50mtrs of rope

PRODUCT DETAILS >

- **Overall weight of RESQ including rescue pole :** 10.55Kg
- **Custom kit rope length details:** Note: 4:1 pulley system will require 4 x length of rope to accommodate drop distance requirement. E.G: 50mtrs of rope will provide 12.5mtrs of fall distance

PART CODE	ROPE LENGTH / FALL DISTANCE	COLOUR OF ROPE	WEIGHT OF KIT
RESQKIT	50 Meters / 12.5 Meters	White/Black	10.55Kg
RESQKIT-80	80 Meters / 20 Meters	Yellow/Black	12.95
RESQKIT-100	100 Meters / 25 Meters	Pink/Black	14.55kg
RESQKIT-150	150 Meters / 37.5 Meters	Orange/Black	18.55Kg

APPLICATIONS >

Rescue Applications and Confined Space

STANDARDS >

EN1496 and EN567

ACCESSORIES >

Options for KIT.

- 1. RESQKIT:** Standard kit with 50mtrs of rope. includes rescue pole (add photo showing pole).
